Summary

M.Sc. Research Scholar specializing in the bioecology and domestication of native stingless bees in Northeast India, with a focus on *Tetragonula srikantanathi* the first biological documentation of this species. Experienced in entomological field research, nesting architecture analysis, agricultural pollination ecology, and integrated pest management. Skilled in data analysis (Python, R), statistical tools (ANOVA, Pearson correlation), and scientific communication. Strong commitment to sustainable agriculture and community-based meliponiculture.

Research Experience

Ph.D. Research Scholar

2026 — Present

Department of Entomology, Central Agricultural University (CAU), College of Agriculture, Imphal, Manipur

M.Sc. Research Scholar

2024 — 2026

Department of Entomology, Central Agricultural University (CAU), College of Agriculture, Imphal, Manipur

- Thesis Title:** Bioecology of Stingless Bee Species in Manipur Valley Conditions
- Research Advisors:**
 - Dr. Th. Robindro Singh (Coordinator MTTC & VTC, Head, CAU Imphal)
 - Dr. Nilima Karam (Associate Professor, College of Agriculture, Kyrdemkulai, CAU Imphal)

Education

- M.Sc., Agricultural Entomology** 2024 — 2026
Central Agricultural University, College of Agriculture, Imphal, Manipur
- B.Sc. (Hons.) Agriculture** 2020 — 2024
Lovely Professional University, Punjab

Patent

Insect Monitoring and Control Device

Filed/Granted, India

An electro-mechanical, field-deployable apparatus for continuous pest surveillance and eco-friendly population management using behavioral attractants. Minimizes accidental capture of beneficial pollinators and enables precision IPM.

Publications

Research Article

- "Evaluation of IPM Modules against Maize Fall Armyworm (*Spodoptera frugiperda*) in Northern Punjab." *Journal of Entomological Research*, 50(1): 47–50, 2026. DOI: 10.65521/jer.v50.i1.2026.44

Review Articles

- "Regenerative Agriculture: Opportunities and Challenges: A Review." *International Journal of Research in Agronomy*, 8(5): 651–656, 2025. DOI: 10.33545/2618060X.2025.v8.i5i.2960
- "Towards Sustainable Control of Fall Armyworm in Maize: An Overview of Management Practices." *Acta Scientific Agriculture*, 9(12), 2025. ISSN: 2581-365X

Conferences & Presentations

Oral Presentations

- **Agri Youth Parliament 2026, March 2026** — "Domestication of Native Stingless Bees Using Bamboo Hives: A Practical Innovation for Sustainable Beekeeping in Northeast India."
- **NE Agrivision 2026 (Theme 5: Practical Agricultural Innovations)** — "Bamboo Hive Domestication of Stingless Bees in Riha Village, Ukhrul District."
- **National Conference on Natural Farming: Pathways to Self – reliant farming and Rural Prosperity (NCNF2026)** - "Management of major Defoliators of Soybean through Intercropping with Suva (*Anethum graveolens* L.,) under Natural Farming Approach."

Poster Presentations

- **Manipur Science Congress 2025, December 2025** — "Integrating Biocontrol Agents with Reduced-Dose Chemical Pesticides for Safer, Sustainable Disease Management in Major Field Crops."
- **ICAVRI 2025 (12th International Conference), November 2025** — "Nano-pesticides in Crop Protection: A Sustainable Strategy to Reduce Chemical Residues and Resistance."
- **National Seminar on Sustainable Livelihoods in Agri- Food System: Enhancing Rural Prosperity: "Nature's Architects: How Insect Pollinators Sustain Global Agriculture and Nutrient Cycling:**

Workshops & Training Programmes

- **Two Days Master Trainer's Programme on Scientific Method of Lac Cultivation** — Organised by AINP on Lac Insect Genetic Resource.
- **Two Days Workshop on Sustainable and Climate Resilient Maize Production in Northeast India** — Organised by AICRP Maize and CAU Imphal.

Awards

- **Best Research Paper Award (Oral): Authors – Nilima Karam and Souvik Mohanty** "Management of major Defoliators of Soybean through Intercropping with Suva (*Anethum graveolens* L.,) under Natural Farming Approach."

Certifications

Linux System Administration Certification

Accredited Linux competency covering shell scripting, user management, permissions, and directory architectures.

Skills

- **Entomology & Apiculture:** Stingless bee biology, meliponiculture, nesting architecture analysis, bee rearing & breeding, IPM
- **Agricultural Science:** Crop protection, plant pathology (minor), biocontrol formulation, pollination ecology (Brassicacae)
- **Data Analysis & Statistics:** ANOVA, Pearson correlation, stochastic frontier analysis, regression modeling
- **Programming & Tools:** Python, R, Java, C++, Linux/Bash, Git
- **Scientific Communication:** Manuscript writing, conference presentations, poster design, academic writing

Hobbies & Interests

- Reading fiction — speculative fiction, sci-fi, classic literature

Personal Information

Nationality: Indian

Based in: Imphal, Manipur

Languages

English: C1 (Advanced)

Bengali: Native

Hindi: B2 (Upper Intermediate)

Odia: A2 (Elementary, spoken)
